

Contracts Manager – Long Crendon

Crendon Timber Engineering is a leading designer and manufacturer of engineered timber products. Operating from seven sites around the UK, its Timber Engineering business designs and manufactures Roof Trusses and Engineered Floors.

Due to continued business success and growth, we are now looking to recruit an experienced Contracts Manager to be based at our site in Long Crendon, Buckinghamshire.

What will I be responsible for?

Reporting in to the General Manager, the successful candidate will take responsibility for managing the contracting element of the business in an effective and efficient manner ensuring the budgets and aims of the business are met.

Who are we looking for?

As our ideal Contracts Manager, you must hold a CSCS Managers Card or a Contracts Manager Card and have undertaken the SMSTS with 5 -10 years post qualified experience. Ideally you be a self-starter with energy and drive and have programme and planning skills. You will be able to demonstrate how you have added value to businesses and have been able to improve and develop processes. We are looking for someone with high aspirations who can quickly become a key member of the contracts team.

You will also:

- Possess strong IT skills, keeping ahead of new technologies.
- Have the ability to handle high levels of pressure.
- Be able to influence and motivate those around them.
- Have excellent organisation skills

Rewards

- Competitive basic salary, level dependant on experience
- Contributory Stakeholder Pension Scheme
- Life Assurance
- Company Car (the role will involve travel)

Apply

We are looking for a commercially minded, organised and forward thinking candidate. If you feel you have the skills and experience, please send your CV along with a covering letter to Janine Calcutt at janine.calcutt@bradfords.co.uk.
