

Truss Estimator, Crendon Timber Engineering, Long Crendon

Crendon Timber Engineering is a leading designer and manufacturer of engineered timber products. Operating from eight sites around the UK, its Timber Engineering business designs and manufactures Roof Trusses and Engineered Floors.

Role

We are looking for a Design/Estimator to join our team based in Long Crendon. The role offers a great opportunity for someone with design or estimating experience to ensure detailed and accurate quotations and designs are produced for CTE products and meet customer requirements.

Responsibilities

These include (but are not exhaustive):

- Interpret customer requirements and estimator quotations to provide appropriate, efficient, economical and professional designs within the timeframes provided by the customer and ensuring our contractual obligations are fulfilled.
- Work within MBA (Novo) to monitor & chase design progress for internal and external designers.
- Liaise with customers and provide a knowledgeable service both in the office and onsite visits.
- Attend customer/site meetings as required; ensuring the company dress code is adhered to (including PPE requirements).
- Help ensure regional adoption of Lean Design principles as required.
- Liaise with relevant internal staff/production teams etc. to ensure that designs take into consideration costs, targets and manufacturing capacity & capability.
- Generate enquiries from new and existing customers, follow up quotations and obtain profitable orders on behalf of the company.

Attributes

Essential

- Previous experience of working in a similar role, using Mitek or other engineered software.
- Results orientated and able to get it right first time.
- Customer focussed with excellent customer service skills.
- Well-organised and able to work unsupervised and prioritise tasks.
- Good communication skills both written and verbal, and able to communicate effectively at all levels.
- Detail conscious and able to ensure work is completely accurately and within time constraints.
- Excellent PC skills including experience of MS Office.

Preferred

- Experience of working in a multi-site environment.

Benefits

These include:

- Salary dependant on experience
- 30 days holiday per year, including Bank Holidays rising to 33 after 1 years full service.
- Contributory Stakeholder Pension Scheme

- Life Cover
- Childcare Voucher Scheme

Hours of Work

40 hours per week, Monday to Friday (8.00am to 5.00pm).

Further Information

Location – Long Crendon, Aylesbury
