

Transport Supervisor, Crendon Timber Engineering, Long Crendon

Crendon Timber Engineering is a leading designer and manufacturer of engineered timber products. Operating from seven sites around the UK, its Timber Engineering business designs and manufactures Roof Trusses and Engineered Floors.

The role

Due to an internal promotion, we have an exciting opportunity for a Transport Supervisor to join our team at the Long Crendon site. The ideal candidate will have previous experience of working within a Transport environment, with a proven ability to motivate teams and improve team morale.

Who are we looking for?

As our ideal Transport Supervisor you will have the ability to work under pressure and within time constraints. You will have knowledge surrounding driver working time directives and taco rules and will have excellent multi-tasking abilities. You will also be able to demonstrate how you have added value to businesses and have been able to improve and develop processes. We are looking for someone with high aspirations who can quickly become a key member of the Operations team.

You will also:

- Possess strong IT skills, keeping ahead of new technologies.
- Have the ability to handle high levels of pressure.
- Be able to influence and motivate those around them.
- Have excellent organisation skills

Rewards

- Competitive basic salary, level dependant on experience
- Contributory Stakeholder Pension Scheme
- Life Assurance
- Childcare Voucher Scheme

Apply

We are looking for an organised and forward thinking candidate. If you feel you have the skills and experience, please send your CV along with a covering letter to Janine Calcutt at janine.calcutt@bradfords.co.uk.
