

Crendon Timber Engineering

Location: Long Crendon

Job Title: Truss Designer

Hours of Work: 40 hours per week, Monday to Friday (8.00am to 5.00pm)

Salary: Competitive

The Role

An exciting opportunity has become available within the Design department for an individual to join a small vibrant team who are passionate about exceeding our customer's expectations and providing exceptional service.

Our innovative and refreshing approach allows individuals to explore and develop their own skills and techniques, and help to shape the future of the business. In an environment where staff are fully supported, you will be provided with a great system and the tools you need to carry out the job to the highest possible standard.

Working as part of a small team, you will integrate with other areas of the business and be involved with the development of new systems, processes and products. You will enjoy extensive contact with prospective and established customers. Building, maintaining and managing key relationships is a fundamental part of this role and crucial to its success.

You will use your know-how, experience and software skills to produce detailed and accurate designs, ensuring customers, both internally and externally, appreciate your flair. Your designs will make the most efficient use of labour and material resources, and be delivered in full and on time. Resolving any potential issues, using initiative to overcome challenges, you will take pride in the positive outcomes that are achieved.

For those who wish to progress, this role offers opportunity to develop and evolve within a business which prides itself on staff development.

What do we offer

At Crendon we know that our people are the key to our success. We strive to have the very best people, who are motivated and inspired to provide the best possible service every day which is why all our staff are provided with a reward package that recognises their hard work and commitment.

We work hard to continuously improve our exciting reward package, taking into consideration the view of every single employee to make sure we remain an industry leader.

Some of the highlights of the fantastic benefits and rewards you can expect include:

- * 25 days holiday per year, plus the opportunity to buy and sell up to an additional 5 days
- * Fitness Discounts
- * Eye care vouchers
- * Health and wellbeing – mental, physical and financial wellbeing portal
- * Cycle to work scheme
- * Long Service Awards recognising staff at regular milestones starting at 3 years
- * Contributory Stakeholder Pension Scheme
- * Life Assurance Cover
- * Childcare Voucher Scheme
- * Amazing savings and discounts for employees and their families at over 900 retailers, restaurants and holiday companies
- * Flexible Working Hours
- * Employee Assistance Helpline - providing employees and their families confidential support and advice on a number of issues, including legal, financial, medical, counselling, family and stress
- * Enhanced maternity and paternity pay
- * Employee referral scheme
- * Bradfords Building Supplies Discount Scheme – Staff, friends and family discounts
- * Excellent investor in People

Responsibilities

Your technical ability to design must be complimented with a high level of salesmanship. Any successful candidate will be able to demonstrate the following key attributes: -

- A strong Customer Focus
- Meticulous organisational skills
- Exceptional communication skills, both written and verbal, and the ability to communicate effectively at all levels.
- Knowledge and experience of Building and Construction
- Knowledge and experience of Timber Engineering products and systems
- Knowledge and experience of relevant Design Software
