

**Trainee Estimator  
Crendon Timber Engineering  
Long Crendon**

Crendon Timber Engineering is a leading designer and manufacturer of engineered timber products. Operating from eight sites around the UK, its Timber Engineering business designs and manufactures Roof Trusses and Engineered Floors.

An exciting vacancy has arisen for a Trainee Estimator to join the team at our Long Crendon office! This is a fantastic opportunity for someone who is looking to start or change their career, has an interest in Estimating/Design and wants to join a growing and exciting business. You will be working as part of the Estimating Team to learn and understand all aspects of the Estimating and Design of roof trusses.

You will be well organised, able to plan and prioritise your daily tasks and organise your workload. You must be able to communicate well at all levels and maintain high levels of customer service. Capable of working under pressure, you must be able to demonstrate excellent organisational skills and have a positive attitude towards work and meeting customer needs. The company is willing to put time, resource, training and investment into the successful candidate and therefore we are looking for an individual that is ambitious, hardworking and motivated!

**What you will be doing**

- Interpreting customer requirements, preparing appropriate quotations and providing any technical details that may be necessary.
- Generating enquiries from new and existing customers, following up on quotations and obtaining orders on behalf of the Company.
- Take responsibility for personal development and training plans; identifying and requesting relevant training programs where appropriate.
- Attend relevant external training and development courses and undergo necessary in-house training to meet both company and personal objectives.

In return for your hard work as an Estimator, you can expect to receive a whole host of great rewards and benefits which include a competitive salary, 22 days holiday and more! For more information on the benefits we offer, please visit [www.crendon.co.uk](http://www.crendon.co.uk)!

If you feel you have the necessary drive and enthusiasm to work within this fast-paced environment we would love to hear from you! Please apply by sending your CV and Covering letter to [careers@crendon.co.uk](mailto:careers@crendon.co.uk).
